Catholic Social Teaching is not an optional extra but is central to our faith - it is based on our understanding of human life and dignity as people made in the image and likeness of God.</p> <p>Implementing</p> <p>Through high quality teaching of both core and foundation subjects, all children at St Mary's will be encouraged and challenged to be inquisitive, compassionate, courageous and creative.</p> <p>The impact of our curriculum will result in all of St Mary's children developing spiritually, socially, educationally and emotionally. This will leave them ready not only for the next stage in education but ready to live their whole lives to the full: "to act justly, love mercy and walk humbly with God" (Micah 6:6). They will become young people who know that it is their responsibility and mission to lead the way of change to make a better world for all.</p>
